WELCOME MESSAGES

I am Guirlene Joseph, the proud founder and Chief Executive Officer of The Dollar Detectives, also known as the TDD Society.

The seed for The Dollar Detectives took root early in my life. At 7 years old, having recently immigrated to Canada from Haiti, I started to support my family with finances. As you can imagine, it was both overwhelming and eye-opening to be helping pay the bills, worrying about the budget, and helping my hard-working but ever-struggling parents understand this new financial landscape.

I am a passionate advocate for building social and emotional well-being through enhanced financial skills, strength, and confidence. At The Dollar Detectives, my team and I help youth 'crack the case' on how to achieve a balanced and optimistic approach to their finances and their future.

The challenge and scarcity of these early years taught me a lifetime's worth of lessons. Unfortunately, my hard-knock education did not end there. Leaving home as a teenager, having an unplanned pregnancy, and being in an unsafe relationship were all harsh realities that further cemented the critical need for financial security and independence.

OUR VISION & MISSION

VISION

A network of caring, globally minded youth who contribute to the well-being of their family and the resiliency of their community.

MISSION

Empowering youth through quality education to build the relevant skills needed for financial resiliency and to confidently navigate financial setbacks.

WHO WE ARE

03.

The Dollar Detectives is an innovative, youth-focused, not-for-profit social enterprise. Our primary vision is to deliver fun, experience-based finance lessons that enhance youth's financial confidence, leadership, and sense of self-determination. Our holistic program is uniquely designed to support the overall well-being of youth ages 13 to 25.

We believe in innovation! From the design of our programs to the way we run our business. As a not-for-profit social enterprise, we moved away from the traditional not-for-profit model and adopted a new model focused on bringing people who care about the public good together to deliver sustainable services.

We address social, educational and emotional societal issues through our own self-generated revenue model, reducing our dependence on government funding. 100% of profits generated go towards offering free community events, delivering in-house mental health programs and supporting marginalized individuals.

EMPOWERING YOUTH SUCCESS

Financial insecurity. Mental health crises. Future uncertainty.

On top of daily school and extracurricular commitments, youth still have to deal with these tenuous challenges. Thanks to ongoing support from organizations and individuals like yourself, The Dollar Detectives has helped 265+ young people navigate their financial journeys through vital education and awareness programs. Our vision is two-fold:

- create safe, supportive, and inclusive spaces where youth from diverse backgrounds can work, collaborate, have fun, and learn about each other. This helps promote empathy, unity, and build social cohesion.
- positively influence youth's success in life by supporting educational attainment, career aspirations, financial goals, and overall economic achievement. This helps promote independence and self-determination.

TDD Society executes our vision by:

- Enhancing youth's employability by offering job-related experiences through volunteer, work and/or experience-based learning.
- Increasing youth's life skills by focusing on financial literacy, social, and personal interest activities.
- Expanding youth's support network by providing access to trusted professionals and fostering social connections through community engagements and resources.
- Teaching youth how to make good decisions, build healthy relationships, and be responsible global citizens

By supporting our cause, you have the opportunity to be a catalyst for change and help us empower the next generation. With your generous gift, we can work together to build a community of financially savvy youth. Join us to make a lasting impact on the lives of young people in our community!

Kind regards,

Guirlene Joseph
Founder & CEO, TDD Society

Customer
TESTIMONIAL

I am a part of a 4H group and The Dollar Detectives came in and did a skills for life workshop for us! I am 16 and it gave me some very valuable information and skills that I can put to use in the future! Overall an amazing workshop and I highly recommend it:)
Kalyn, 16 years old

Customer
TESTIMONIAL

Our youth organization had the opportunity to participate in the Skills for Life workshop. Not only did they take home tips and important information that will help them for a lifetime, but they had real hands-on experience doing activities such as shopping for groceries on a budget and preparing a meal to take home.

Lori,
4H Leader

Customer
TESTIMONIAL

"I want to express my gratitude and appreciation for a great presentation yesterday at Notre Dame HS. The youth have greatly benefited from the presentation and enjoyed the Jeopardy game. Looking forward to working with you again in the future."

"WHY SUPPORTING TDD MATTERS"

When it comes to giving, many donors automatically assume that larger organizations are the best option for making a meaningful impact. However, The Dollar Detectives, a grassroots organization, is challenging this perception. By choosing to support a smaller, community-based organization like The Dollar Detectives, donors have the opportunity to directly enrich the lives of youth at the ground level and witness the tangible results of your generosity.

The Dollar Detectives, with its localized approach to financial education is dedicated to empowering young people with essential money management, life and social-emotional skills that can transform their lives. By contributing to The Dollar Detectives, donors can make a direct and visible impact on their local community. You will witness firsthand how their dollars are utilized to provide interactive workshops, tailored resources, and comprehensive programs that equip youth with the skills they need to thrive.

Supporting a smaller organization like The Dollar Detectives allows donors to actively contribute to positive change at a grassroots level. Donors can see the direct impact of their generosity on the lives of youth, helping them build a solid foundation for a financially secure future. By choosing to give locally, donors have the opportunity to make a real and tangible difference in their community, witnessing the transformation of young lives and creating a lasting legacy of financial empowerment with The Dollar Detectives.

Investing with The Dollar Detectives , donors demonstrate their commitment to diversity and inclusion by supporting a black-led, woman-led organization, by promoting free support for marginalized youth and by supporting our mission of providing meaningful employment and training for individuals who may face barriers to employment.

TDD BACKGROUND

One day I had a stressful situation at work and was venting with my friend. I told him that I wanted to quit my job and find work as a school lunchroom supervisor. I wanted to work with children in a fun and loving setting. We had a good chuckle and then we both paused and said why not? I had over 25 years experience in the social work field and over 10 years experience in the financial industry. I knew I was passionate about 2 things – working with children and financial literacy. The marriage between the two made perfect sense and this was my uh huh moment which sparked The Dollar Detectives.
